

the voice of our flesh. It screams when it's hungry for food, for sleep, for this and that. It will scream "I'm sick" or sometimes "I'm bored", "give me that" or "I want this". Though my flesh has a voice, because Y'shua is Lord of my life my flesh gets NO VOTE. My flesh is stupid enough to kill itself and without my flesh I can't function here on earth. Because of this I have chosen to submit it to God and His word and ignore its whining. In the beginning it whines about everything, but eventually as I speak the word and force it to submit it falls in line. We're told in *Heb 5:14 But strong meat belongeth to them that are of full age, even those who by reason of use have their senses (flesh) exercised to discern both good and evil.* With the proper spiritual exercise or in other words by just saying "NO", we can train our flesh. As we submit ourselves to the control of the Holy Spirit we can train even the loudest voice when to speak and when to be silent. *Gal 5:16 This I say then, Walk in the Spirit, and ye shall not fulfill the lust of the flesh.*

It's an awesome thing to get a handle on the rudder of our lives and then hand that rudder over to the Father. His voice is the one that brings perfect peace if I chose to press in to hear it!

Answered Prayer and Needs

As per normal, we need to be in prayer for one another. This way we can strengthen the weakest links and our "chain" will be made whole. I've mentioned it before, but if we remove the weak links in a chain we'll have nothing but segments of chain. We've seen a lot of this in

the past, but God won't allow that today. One way to remember each other is to keep prayer journals. A prayer journal is a place where we write down the needs of those in our sphere of influence. It's too hard to remember to pray for folks if we don't record them. Consider keeping such a journal and then when prayer is answered you can mark it down and remember to give God glory for the finished work!
