

What Are You Doing ?.....continued

death in most cases of someone found breaking a part of it. But remember it was always brought to the attention of someone in authority by another person's judgment of the law that was broken. I say to all reading this the greatest thing we can do or should I say stop doing is judging one another in what we see as breaking of God's law. It is keeping the body of Christ sick and some even dying because we don't discern the Lord's body...THAT'S US!!! Back to Steven and why I used that portion of the word.

I remember December of 1993 better and more vividly than yesterday. We will always recall spiritual things better and quicker than natural things that happen in our lives. That is because we are spiritually alive and no longer of this natural world. We are aliens in a strange land, this world is not our home but we still have to live in the world. We just aren't part of it. The law that Saul upheld that allowed him to kill Steven is the very same law that the devil has that allowed him to kill me on Dec. 5, 1993. The beauty is that the same Messiah that put an end to Torah law by fulfilling it also took away the curse of that law. Everything the devil has for us as people on this earth is based on the curse of the Torah law. Jesus was made a curse for us so that none of the curses listed in the Torah law would have any power when used by the devil. The problem is that not many people choose to believe it so they deceive themselves and allow the devil to put whatever curse applies in the situation. They willingly grab it up and receive it and most of those people blame God for the malady that is taking place. When in reality it has been their choice in the deceived condition that has brought the curse and not God. How does this apply to me being killed in 1993? I was not in a self-deceived condition when I was standing in front of my Father God. This was only because of what Jesus had already accomplished in making the curse powerless in my life. My Father received me with open arms, but I was not done on this earth and I knew it. By my own choice I am here finishing what I am called to do not under the throne of God saying "how long oh God..." The word of God's love is what rescued me from what the devil had elaborately planned for the end of my time here. I had revelation of what Jesus had done with this Torah law that brought death. I understood that I was free from the spirit of bondage that brings only sin and death. That same Spirit that raised my Messiah from the dead now dwells in me and He has quickened my mortal body. I will not be taken from this earth until I have finished my race and the good fight of faith. I do not fight with the devil; he was defeated 2000 years ago. No, I fight the good fight of faith. I believe the reason some folks fight the devil is because it is easier than the good fight of faith. The devil knows that if you enter into a fight with him you do not know what Jesus has already done with him. The devil will keep you running around in circles as long as you keep fighting with him.

I will quit here and I hope some of you have seen a little truth in these few words. Jesus said to all that will "hear" the Spirit, "*If you continue in my word, then are you my disciples.*" His word is: "It is finished." He was brought forth to destroy the works of the devil. Did He accomplish what He was sent forth to do? Or did He return to the Father void? What fight are you in? The Torah law is not of faith you may be in the wrong fight!

Exciting News

I love it when God does something really awesome and we get to share in it. These past two weeks have been such a blessing for us. Jeff got to go to Taos and do more of what he is called to do there. While he was up north I was also in New Mexico working on a book with Vantrice Burkes and Good News Ministries. I am co-writing her book, "From Crying in my Beer to Laughing with Jesus". This book is a biography of how Van went from alcoholism to ministering to alcoholics all over the nation. She is one tough "cookie" and has a tremendous testimony. We laughed and cried as we worked on this awesome book. What a privilege to be the one chosen to write it. Van had to relive some really hard things as we "walked" through her past. Her willingness to share her very colored past with the world is a huge thing. I don't know if I could be so transparent. Van will be on Prime Time Christian Broadcasting's "Light of the Southwest" on March the 3rd at 7:00PM Central time. You won't want to miss it.

We're more than just men without purpose.
